ANNUAL GIVING

REPORT

WINTER 2019

Letter from the Principal

Dear Family and Friends,

It is truly a thrilling time to be a Seton Knight! I know that you will find the many innovative programs offered at Seton Catholic impressive. Our athletic department is now boasting 15 varsity sports and has received state recognition in multiple sports. Our academic offerings are flourishing with more than 65 courses at every ability level including Advanced Placement, Dual Enrollment, and Honors. Our curriculum is supplemented with Remote Learning opportunities, college-level courses, online programs and STREAM preparation for our teachers. Our campus life is thriving with programs in the arts, music, and extracurricular opportunities that nurture the entire individual socially, emotionally and spiritually. Our faith-life is strong with students not only learning the tenets of the Catholic faith but also practicing their faith in words and action as they continue to develop their own personal relationship with Christ.

As we continue to form young men and women in conscience and faith, we are fully aware that Catholic education is a blessing that is only made possible through the many sacrifices of our families, faculty and staff, benefactors and friends. As you look through our Annual Giving Report, I hope you know that the tremendous educational value offered at Seton Catholic is only possible through your gifts of time, talent and treasure and that you share in our success.

Sincerely,

Ted Hanes

Principal

IN OUR HEARTS

Our faith is at the core of everything that we do at St. Elizabeth Ann Seton Catholic High School. Each year through Theology courses, students learn about the Catechism of the Catholic Church. Our faith-life is much more than classroom learning. Through prayer, sacraments, retreats and service learning opportunities, students live out their faith. They study and practice the rich traditions of our own Catholicism and learn about other faiths through World Religions Course. Our goal is to give every student an opportunity to develop a personal relationship with Jesus Christ. Created in the image and likeness of God, we recognize all our students as "Saints in the Making."

All students at St. Elizabeth Ann Seton Catholic High School engage in Service Learning. The experience extends from the classroom to home and has been highlighted with numerous accomplishments. Seton Catholic has structured Service Learning around the Spiritual Works of Mercy as well as according to Pope Francis' prayer intention of the month.

At St. Elizabeth Ann Seton Catholic High School, students receive a world-class *education*. With low student-teacher ratio and setting the highest of expectations, teachers help students reach their full academic potential. Seton Catholic has a comprehensive career and college readiness program. Students work inside the classroom as well as in real-world experiences outside the classroom through internships, college tours and excursions. This creates a journey, preparing them for their future.

COLOR OUTSIDE THE LINES

Through *the Arts* at Seton Catholic, our students discover their own voice. They learn to make good judgements. They acquire the knowledge that there is more than one solution to a problem and that a problem can have multiple answers.

The Seton student experiences real world problem solving skills through the arts. Students learn about perspective and they discover ways to see and interpret the world around them. They learn to express themselves in ways that words in their literal form or numbers can not. Students delve into their poetic and creative writing capabilities to find their voice. When Seton students explore the arts they discover a scope and variety of what they are capable of feeling.

No matter what your passion is, Seton has a course or club that fosters individual creativity. Whether it's learning a musical instrument, singing in a choir, performing in plays or exploring beauty in fine arts, ceramics, sculpture and media arts, Seton offers a wealth of opportunity to create and articulate yourself. Seton Catholic fosters creativity and ingenuity in their students while inspiring success in their everyday lives.

Athletics play an important part of the Seton experience. Committed to educating the entire student, sports not only provide an opportunity for students to grow physically but they learn important character traits such as the value of teamwork, honest competition and fair play. Our Knights dedicate themselves to excellence, achieving regional championships in Volleyball and Tennis, named to All Star Games, Regional Teams, and Regional Most Valuable Players. Their level of success is only surpassed by their sportsmanship on and off the courts. The values they embody tell our community how our young Catholic Stewards compete with passion and purpose.

LEAVING A MARK

In the spirit of our St. Elizabeth Ann Seton Catholic High School students, our *educators* are above bar in every respect. All teachers are veterans in their respective fields and teach at a pinnacle level. Each teacher possesses a wealth of knowledge and is a specialist in curriculum and instruction. Our faculty's diverse backgrounds serve as an asset to the climate and culture at Seton. Our teachers possess a combined total of over 225 years of classroom instruction, having taught in the most southern, northern, western and eastern parts of the continental United States and all points in-between. The Seton teacher is masterful in their subject, providing research-based instruction. Our teachers integrate technology and create a positive learning environment with consistency, fairness and engaging instruction. They know their learners and are flexible and responsive to them.

Our faculty is warm, accessible, devoted and creative. In the classroom, our teachers have clear objectives for our students and they communicate, listen and maintain high expectations. Outside the classroom, our teachers regularly connect with parents, collect and analyze data as well as collaborate with colleagues for effective equitable instruction. Their teaching practices are adapted and their passion for learning and self development is indisputable.

The Seton faculty provides a positive school experience and forms strong relationships with our students showing that they care for them as people. Our faculty teaches at Seton because they are active in the Catholic Church, want to strengthen the Catholic family and above all, always represent Seton to the best of their ability. Our teachers go above and beyond providing for their students like they are family.

St. Elizabeth Ann Seton Catholic High School is blessed to receive the financial support of our local parishes through second collections, student subsidies and donations. Thank you to our pastors for their spiritual guidance and to our parishioners for their gifts of time, talent and treasure. We thank our most generous Catholic groups of the Ancient Order of Hibernians, the Knights of Columbus, the Ladies Guild and the Columbiettes for their financial support of our school and our students. We thank the entire Catholic Community for their continued prayers.

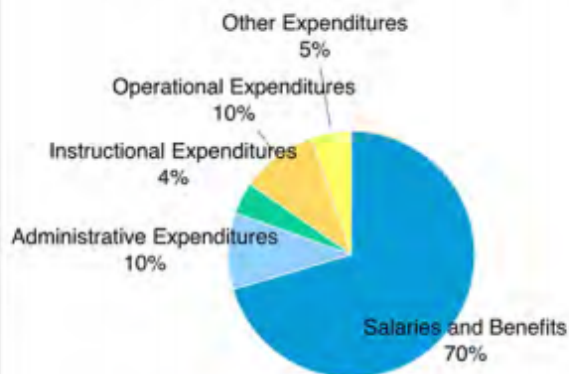

St. Elizabeth Ann Seton Catholic High School would like to recognize and thank the Philip L. Van Every Foundation which completed their extremely generous four year pledge in 2018-19 fiscal year. Their commitment to our school is truly a blessing.

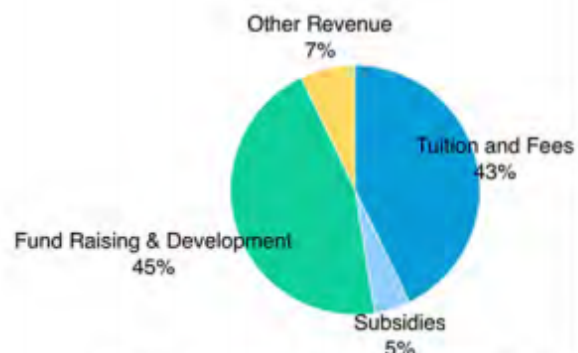

St. Elizabeth Ann Seton Catholic High School received an anonymous donation for the purchase of an activity bus. This most generous gift has allowed us to expand our extracurricular and athletic programs, enrich our course offerings through purposeful field trips, and will soon be used to attract new Seton Knights to the school by providing daily transportation routes.

THANK YOU

A group of Seton High School students, both male and female, are gathered in a room. They are all wearing blue polo shirts with a school crest on the left chest and khaki pants. Several students are holding white-wrapped gifts with red ribbons. In the background, a crucifix is mounted on the wall, and several posters are displayed on a bulletin board. The students are smiling and looking towards the camera.
